LTS Enterprise

Introduction

LTS Enterprise is a leading trading company that specializes in providing engineering solutions, software, hardware, and equipment to various industries. Our mission is to deliver high-quality, innovative, and cost-effective products and services that meet the needs and expectations of our customers. We are committed to excellence, integrity, and customer satisfaction.

History and Background

LTS Enterprise was founded in 2022 by a team of engineers with extensive experience and expertise in different fields of engineering, such as mechanical, electrical, software, and hardware. The company started as a small-scale importer and exporter of engineering products and services, catering to local and regional markets. Since then, the company has grown rapidly and expanded its operations to cover global markets.

LTS LTS ENTERPRISE PTE LTD

LTS ENTERPRISE PTE LTD

LTS Enterprise offers a wide range of products and services that are related to engineering, such as:

- Engineering Solutions:

  We provide end-to-end engineering solutions, from design and development to testing and deployment, for various industries, such as manufacturing, Semicon, and Data Storage. We have a team of qualified and experienced engineers who can handle complex and challenging projects, using the latest tools and technologies. Some of our engineering solutions include:

  - Automation and Robotics

  - Artificial Intelligence and Machine Learning

- Software:

  We offer software products and services that are designed to enhance the efficiency, productivity, and performance of our customers. We have a team of skilled and creative software developers who can create customized and user-friendly software solutions, using various programming languages and platforms.

LTS ENTERPRISE PTE LTD

- Equipment:

  We trade equipment products and services that are essential, functional, and quality-assured. We have a team of competent and experienced equipment specialists who can source and install equipment solutions, using best practices and standards. Some of our equipment products and services include:

  • SL Tech Solution : Opticentric Machine , Interferometer Machine and Confocal Machine.

  • Accusys Pte Ltd: CyclopsX_v2, InspectorX_v2 and Matahari_RTR_v2

  • Hi-Lo Systems : Programmer & Automatic programming system and Auto vision and measurement system

  • ProSemi: IC programming , Taping/retaping/baking/laser marking

LTS ENTERPRISE PTE LTD

Market Presence

LTS Enterprise has a strong and growing market presence, both locally and globally. We serve a diverse and loyal customer base, ranging from small and medium enterprises to large and multinational corporations. We operate in various industries, such as manufacturing, IT, aerospace, and education. We have established long-term and mutually beneficial relationships with our customers, based on trust, quality, and value.

LTS Enterprise also faces fierce and dynamic competition from other trading companies in the engineering industry. However, we have a competitive edge over our rivals, due to our engineering background, expertise, and technology. We have a solid reputation and recognition in the trading industry, as evidenced by our market share, growth rate, and revenue.

LTS ENTERPRISE PTE LTD

Competitive Advantages

LTS Enterprise has several competitive advantages that distinguish us from our competitors and make us the preferred choice for our customers. These include:

• Engineering Background: We have a strong and unique engineering background that gives us an in-depth understanding of the engineering products and services we trade. We can apply our engineering knowledge and skills to solve problems, create innovations, or offer competitive prices for our customers. We can also communicate effectively and efficiently with our suppliers and customers, using technical terms and concepts.

• Expertise and Experience: We have a team of experts and experienced professionals who are passionate and dedicated to their work. They have the qualifications, certifications, and skills to deliver high-quality, innovative, and cost-effective products and services to our customers. They also have the experience and exposure to handle various projects, challenges, and opportunities in the engineering industry.

LTS ENTERPRISE PTE LTD

LTS Enterprise is committed to continuous improvement, customer satisfaction, and social responsibility. We strive to deliver the best and most value-added engineering products and services to our customers, while adhering to the highest standards of quality, ethics, and sustainability. We also strive to contribute to the development and advancement of the engineering industry, as well as to the society and the environment. We believe that by doing so, we can achieve our vision and goals, and create a lasting and positive impact in the world..

LTS ENTERPRISE (PRODUCTS & SERVICES)

- 1. Sanyo Denki
    - Motors (Stepper / Servo) (EtherCAT / Pulse)
    - Industrial Cooling Fan
    - UPS
- 2. Industrial IPCs
    - Fan IPCs
    - Fanless IPCs
- 3. EDOO Scanners
- 4. Touch Panel All-in-one PC & Touch Screen Monitor (7" to 65")
- 5. LTS Linear Actuators, LTS Linear Guides & Ballscrews
- 6. Cutting Tools, Processing Tools & Safety Equipment
- 7. Sourcing Products (E.g. Panasonic, Omron,…. Etc)

LTS ENTERPRISE (PRODUCTS & SERVICES)

- 8. LT Robot tool exchanger
  - LT 2-finger parallel mechanical gripper
  - LT 3-point centering mechanical gripper
  - Floating Material removal tool
  - Energy connector and coupling device
- 9. Industrial Robot and Cobots
  - ABB
  - Mecademic
- 10. ESD Accessories

LTS ENTERPRISE (PRODUCTS & SERVICES)

- 11. **VTO Motor Sdn Bhd**

LTS ENTERPRISE (PRINCIPLE'S PRODUCTS & SERVICES)
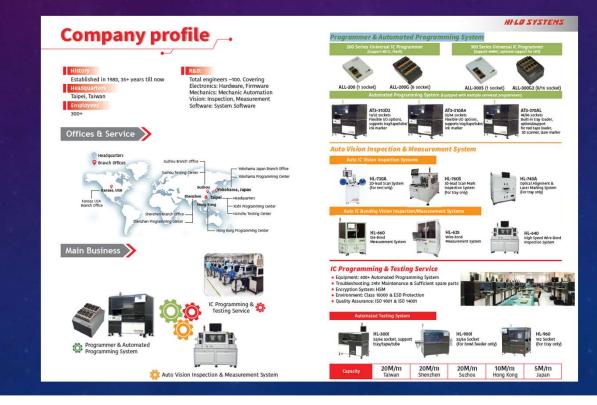

- 1. SL Tech Solution
  - Opti centric Machine
  - Interferometer Machine
  - Confocal Machine

- 2. Accusys Pte Ltd
  - CyclopsX_v2
  - InspectorX_v2
  - Matahari_RTR_v2

- 3. Veltop Singapore Pte Ltd
  - Veltop Laser welder
  - Veltop Laser marking

LTS ENTERPRISE (PRINCIPLE'S PRODUCTS & SERVICES)

- 4. Hi-Lo Systems

  - Programmer & Automatic programming system
  - Auto vision and measurement system

LTS ENTERPRISE (PRINCIPLE'S PRODUCTS & SERVICES)

- 5. **ProSemi**

  We offer wide range of testing and services such as:

  - IC programming

  - Taping/retaping/baking/laser marking

  - Component Authenticity Verification

  - We can also support supplies such as Moisture Barrer Bags (MBB), ESD bags, Carrier Tape, Cover Tape, Reel, etc..

Thank you
